

EUROPEAN DIGITAL PORTFOLIO FOR UNIVERSITY STUDENTS

European Digital Portfolio for University Students

"The e-Portfolio for all University Students in Europe"

This project is supported by the EU. Any communication or publication related to the Project made by the beneficiaries jointly or individually in any form and using any means, shall indicate that it reflects only the author's view and that the NA and the Commission are not responsible for any use that may be made of the information it contains.

1. What is a Digital Portfolio: definition

A student portfolio is a compilation of academic work and other forms of educational evidence assembled for the purpose of :

- (1) evaluating coursework quality, learning progress, and academic achievement;**
- (2) determining whether students have met learning standards or other academic requirements for courses, grade-level promotion, and graduation;**
- (3) helping students reflect on their academic goals and progress as learners; and**
- (4) creating a lasting archive of academic work products, accomplishments, and other documentation.**

Source: The glossary of Education reform, <http://edglossary.org/portfolio/>.

It is a collection of documents and other easily portable artifacts that people can use to validate claims they make about themselves. It is not a resume, nor is it a cover letter!

2. Advantages: for employers

Eases the recruitment process:

- ❑ Time-saving and cost-effective tool
- ❑ Quick and direct access to special skills—a feature not available during initial steps of recruitment process
- ❑ Effective way to assess and validate candidates' skills
→ early selection of qualified candidates
- ❑ 24/7 access (before, during and after interview)
- ❑ Immediate contact options

Richer body of evidences:

- ❑ Candidates can display education, work ethic, work experience, skills and competencies, achievements, projects, professional and development goals, etc.
- ❑ They can include resume, cover letter, thesis, letters of reference, records of special training, case studies, projects, certificates of achievements for volunteer work or professional development,...
- ❑ Offers a direct review of an evidence relating specifically or not to job expectations
- ❑ Direct evidence that job applicants have the knowledge and skills required to succeed in the company or organisation.

Advantages for employers:

What inside?

It is possible to search profiles in line with your needs using filters...

The screenshot displays the EDIPUS Database search interface. At the top, there is a navigation bar with links for Database Home, Baskets, Messages, and Logout. Below this, the main search area includes a search bar with the placeholder text 'Search for...' and a blue 'SEARCH' button. The search results are displayed in a list format, with each entry showing a profile card. The first entry is for a student from Austria studying Aeronautical Engineering at the University of Vienna. The second entry is for a student from Belgium. The third entry is for a student from Austria studying Humanities at the University of Vienna. To the right of the search results is a 'FILTERS' section with three dropdown menus for 'SELECT FIELD OF STUDIES', 'SELECT DEGREE', and 'COUNTRY'. There are also two checkboxes for 'Sort by Popularity' and 'With Work Experience', and a blue 'APPLY FILTERS' button.
