

Horizon 2020 Workshop
University Paris 1 Pantheon-la Sorbonne , Paris
31 October

Rationale

This workshop aims to enhance the participation of the Mediterranean Partner Countries' in the H2020 Programme. It will be organized in cooperation with the UNIMED on the margins of the general assembly on 31 October in Paris. The workshop will particularly aim to:

- Inform participants on the EROMED R&I cooperation policy, initiatives, priorities and instruments;
- Inform participants about H2020 and presenting its different elements, with specific focus on WP 2018-2020 of the H2020 calls for proposals;
- Provide participants with guidance on how to apply for H2020; as well as build their capacity for proposal writing for the programme.

Participants:

This workshop will aim to bring together around 50 researchers, representatives from academia (including UNIMED partners) and industry and research institutes, technology transfer centres, incubators, technology platforms, grant offices at universities and research centres, from EUROMED countries.

Structure

The sessions of the workshop will familiarize participants with the EROMED R&I cooperation policy and initiatives and present the overall programme design of H2020. The Work Programme 2018-2020 of H2020 will also be outlined, with a particular reference to the most relevant call-topics for the Euro-Mediterranean cooperation. The sessions of the workshop will also provide in-depth training on proposal writing for the programme.
