Erasmus+, KA2 – Capacity building in the Field of higher education

Project No.610242-EPP-1-2019-1-IT-EPPKA2-CBHE-JP

MIGRANTS intends to reinforce the institution capacity of the Tunisian higher education system concerning the management of a regular and safe migration. Given its geopolitical situation, Tunisia plays an important role in this context for the surrounding countries and EU member states. The project’s main objective is to create an interdisciplinary Joint Master’s Degree “Migration Studies: Governance, Policies and Cultures” between the three Tunisian partner universities. In order to have an impact on the labour market and society, the project strengthens the skills of the teaching staff through a comprehensive programme of training, job shadowing, coaching and mentoring activities.

The Master’s Degree in Migration Studies has been developed in the framework of the MIGRANTS project, coordinated by the University of Palermo, and gathering the University of Tunis El Manar, the University of La Manouba, the University of Tunis, the University of Granada, the University of Westminster, COSPE, CLEDU and UNIMED.
